## Deep integration with MYGEOTAB

Surfsight Add-In combines live video with telematics data into one user interface, providing a single source for your fleet management needs.

- ✓ Manage all your vehicle cameras from MyGeotab cloud dashboard.
- ✓ Get instant access to live video, video events and video recordings through a simple 1-click interactive map interface and an export option.\*
- ✓ Turn any of Geotab's custom rules into video events.
- ✓ Receive email alerts of harsh driving incidents with the details and the video of the event.
- ✓ Retrieve video recordings from the Geotab dashboard without removing the SD card.
- ✓ Use Geotab permission and roles for data and user access control.

\*Subject to available cellular network coverage.
